Turning ideas Into Reality

Alcatraz Chemicals is an ISO 9001:2015 & 14001:2015 certified company established in Vadodara, India. Over the last 37 years we have become the leading manufacturer of Specialty Chemicals and Pharmaceutical Intermediates in India. In 2023, we have further developed some new high quality intermediates for Pharmaceutical and Electronic applications and all these developments are a result of our dedicated in-house R & D team.

Our wide range of products are being exported in bulk to China, Japan, USA, Germany, France, Italy, Mexico, Hungary, Brazil, Argentina, Thailand, UK, Switzerland, Turkey and South Africa. This has been possible because of our impeccable quality management system that guarantees exceptional quality products with prompt delivery.

Our core manufacturing strength is in the field of Sulfonation and we are manufacturing a variety of Sulfonic, Disulfonic and Trisulfonic Acids and their various salts. In the range of Sulfinic Acids, we are the only Indian company offering the full range of Methane, Ethane, Benzene and Toluene Sulfinic Acids of high purity.

Success Through Innovation & Quality

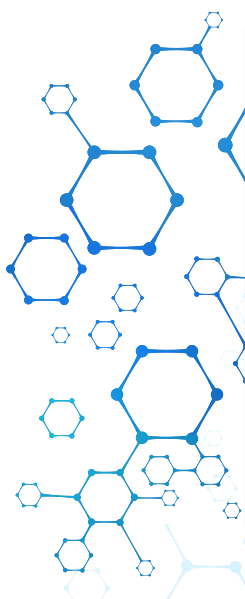

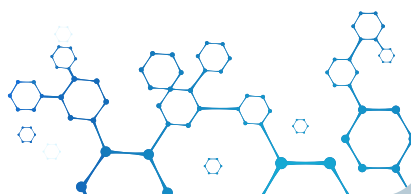

Our top quality production is assured by our vigilant QC & QA departments. Apart from our Quality Management teams we have an enthusiastic R&D Department which boasts of three PhDs in Organic Chemistry who strive to constantly develop new products and optimize our current products to make our Chemistry environment friendly.

We currently have two units for production in the state of Gujarat, India. Both having numerous Glass Lined Reactors with capacities ranging from 100 L to 3000 L capable of handling reactions requiring both high and low temperatures, pressure and vacuum and manufacturing carried out with strict compliance to environment protection laws, zero waste, maximum utilisation of resources and using innovative technology for treatment of process water ensuring minimal wastage.

“Performance is our business Quality is our foundation”

We are equipped with State – Of – Art high vacuum distillation facility to manufacture Sulfonyl Chlorides of high purity such as Propane Sulfonyl Chloride, 1,2 Ethane Disulfonyl Chloride, Ethane Sulfonyl Chloride, 1,3 Propane Disulfonyl Chloride etc..

Alcatraz Chemicals is committed to Total Customer Satisfaction by delivering quality products and services worldwide and this has helped us to become one of the world's leading manufacturers of Pharmaceutical Intermediates and Specialty Chemicals.

In the past 3 decades we have gained trust of the Pharmaceutical Intermediates and Specialty Chemicals buyers worldwide and today Alcatraz Chemicals is a brand name.
